

Disinfection-Point
with customized message
including ingo-man® plus Touchless
disinfection solution dispenser

Disinfection-Point

The user-oriented solution in the area of flexible Disinfection-Points. First class, robust quality and reliable functionality.

Standard preparation for mounting of **ingo-man®** dispensers (**ingo-man plus® Touchless**, **ingo-man® plus** and **ingo-man® classic**).

- Ideal for entry ways, high-traffic locations, or areas where wall mounting of dispensers is not possible or not desired
- Solid and hygienic stainless steel construction
- Extra heavy floor plate with rubber feet ensures a safe and solid stand
- Suitable for all customary disinfection solutions
- Optional: easy movement with wheels, catch tray (prevents the dripping of disinfection solution from the hand to the floor), locking panel
- Available with customized message or logo if desired
- Quick and easy set-up
